"I think a hero is any person really intent on making this a better place for all people". Maya Angelou

The 5th grade students from the St. Marys Area are helping to kick-off the 2016-2017 annual campaign. They drew pictures of their local HERO's, from parents, coaches, military, teachers and grandparents. The St. Marys Area has many HERO's, but our 17 funded partner agencies are also our local HERO's. Without their services our region would be lacking in so many opportunities and programs that are vital to our region. We may be a small rural area, but we are very generous and supportive of our fellow citizens.

As the St. Marys Area United Way enters its 92nd year our agency has changed with the times, but our goal is still to remain supportive in providing a higher quality of life for the citizens of our area. Our partner agencies provide services for children to special needs individuals, families, senior citizens and veterans. If you are a resident from the **City of St. Marys, Fox, Jay or Benezette Townships**, it is likely that at some point in your life you have utilized or benefitted from one of the many services or organizations that are funded by the St. Marys Area United Way.

If you would like to donate to the St. Marys Area United Way please complete the pledge card below with a donation and return it to the United Way office in the enclosed envelope no later than December 1, 2016. 91.1 % of the donations are allocated to our local partner agencies.

I choose my parents as my heroes. They give me food and shelter they also take care of me! They give me what I need for school and help me study for tests!

Brooke

Lynn Schatz, President

Kris Kronenwetter, Executive Director

Thank you for your support and contribution!
